

# GVAN

GLOBAL VOLUNTEER ACTION NETWORK

COMMUNITY | COLLABORATION | COOPERATION

We are a youth-led organisation with a diverse team, coming from different parts of the world. We are bound together by a belief in making this world a better place. We intend to empower and equip the youth to engage with social impact organisations by providing **knowledge transfer, resource kits and capacity building programs.**

GVAN- जीवन- meaning 'life'- we believe in the power of volunteerism to build communities.

# OUR METHODOLOGY

Collaborating towards a more peaceful and prosperous world.

# To localise the UN SDGs through active volunteersim

## VISION

## OUR WORK

## OUR INITIATIVES

### Connect

Support pandemic-hit NGOs by connecting them to trained volunteers.

Volunteers will get a certificate after successful completion of their volunteering and training period.

NGOs and volunteers will be matched as per their requirements and interests.

### Advocate

Call for action for creative content that will promote awareness and empower people.

Organize webinars/masterclasses/forums on a wide variety of themes to promote awareness.

Use our digital presence to empower voices for art for advocacy

### Partner

Partner with organizations that are already working on solutions to promote UN SDGs.

Creation of small-term intervention projects: solutions to promote the cause of UN SDGs by encompassing SDG 17 - partnerships for the goals - and other related activities.

# WHAT WE DO

# Connect

We connect and mobilise volunteers to enable more people to directly be involved in humanitarian work. We connect volunteer advocates and non-profit organizations.

We train volunteers in soft-skills and in skills necessary for volunteering.

NGOs and volunteers are matched based on their factors like passionate cause, geographical location, and time commitments.

# Advocate

We give calls to action to provide more invitations to act, so that we can create ground level impact via activities such as, but not limited to, fundraising and donations.

Advocating for volunteerism and civic engagement in peace and development creates a just, peaceful, and inclusive society.

# Partner

We connect with organizations to assist them in their strategic interventions to localize the UN SDGs.

We work on short-term projects by onboarding interested volunteers with the required expertise to offer a meaningful support to our partner organizations.

**Together, these offerings help to build a global culture of volunteerism, and make it even easier for everyone to get involved.**

# WHO WE WORK WITH

# Volunteers

We will empower and train volunteers to participate in society as active citizens to equip them to foster UN SDGs.

Our potential volunteers will come from a range of age groups. We are eager to work with anyone who wants to support local NGOs through volunteerism and help in localizing the UN SDGs.

Potential volunteers will be trained through methods such as webinars alongside their volunteering journey to help them make meaningful contributions to their local NGOs.

# Partner NGOs

We will collaborate with local NGOs to place volunteers, based on a comprehensive list of factors.

NGOs have been badly hit by the pandemic, and our efforts through volunteerism will help several NGOs restore their work, and thrive in a post-pandemic world.

Local NGOs will also be supported in the onboarding process of volunteers to not only remove the apprehension of volunteers but also to ensure that NGOs are able to derive meaning from volunteerism.

# Solution Partners

In an attempt to advance UN SDG 17, we will partner with NGOs and give them assistance in their interventions to promote the UN SDGs.

We will assist in the creation of small-term intervention projects, based on the needs of the partner NGO. For instance, we will try to propagate inclusivity in all sorts of fields by creating resource kits, video guides, and audio books.

Additionally, we can also lend support in activities like promotion, and fundraising.
